

**HARMFUL**  
**KEEP OUT OF REACH OF CHILDREN**

**FOAMEX<sup>®</sup>**

**ADDITIVE**

Contains: 100g/litre Dimethylpolysiloxane as an emulsifiable concentrate

**EFFECTIVE HIGH-GRADE SILICONE  
ANTI-FOAMING AGENT**

**PLEASE READ THE ENTIRE LABEL BEFORE USE. SHAKE OR STIR WELL BEFORE USE.**

**FIRST AID:** If swallowed DO NOT induce vomiting. For advice contact the National Poisons Centre 0800 POISON (0800 764 766) or a doctor immediately. If spilt on the skin, remove contaminated clothing and wash affected areas of skin. DO NOT SCRUB THE SKIN. If concentrate is splashed in the eyes, flush with running water for at least 15 minutes. Seek medical attention.

**PERSONAL PROTECTION:** Avoid skin and eye contact and inhalation of spray mist. When mixing or applying wear waterproof gloves, eye protection, boots and overalls. DO NOT eat, drink or smoke while using. Wash splashes of concentrate from skin immediately. Remove protective clothing and wash hands and face thoroughly before meals and after work. Wash protective clothing daily after work.

**DISPOSAL:** Triple rinse empty container and add rinsate to the spray tank. If recycling, discard cap and deliver clean container to an Agrecovery depot. Alternatively crush and bury in an approved landfill. Dispose of product only by using according to the label or at an approved disposal facility.

**SAFETY DATA SHEET:** Additional information is listed in the SDS available from Lonza NZ Limited or [www.lonza.co.nz](http://www.lonza.co.nz)

**NOTICE TO BUYER:** The manufacturer and vendors of Foamex 10 warrant the formulation to contain the specified active ingredient within accepted tolerance but make no warranty of any kind on the uses of material and accept no responsibility, whether the material is used in accordance with the label directions or not.

**CAUTION:** The use of Foamex 10 can reduce entrapped air. Care should be taken not to overfill solution tank thereby causing overloading.

- Foamex 10 reduces or eliminates foam in most agricultural spray equipment.
- Foamex 10 controls foaming in emulsions, wettable powders and water based systems.
- Foamex 10 minimises entrapped air caused by mechanical agitation.

---

#### **DIRECTIONS FOR USE**

For best results add Foamex 10 to agitated liquid before foam starts to appear. Foamex 10 may be added after to break foam.

---

#### **USE RATES**

The use of 10 - 30ml of Foamex 10 per 100 litres of liquid is generally sufficient to eliminate or suppress foam in most situations.
